#### **Bart Boissonneault**

##### **Vice President, Global Supply Chain – Sealed Air Corporation**

Bart Boissonneault's business career includes over 24 years of experience in operations management and accounting in the packaging industry. He is Vice President of Global Supply Chain at Sealed Air Corporation.

Bart began his career in accounting working for Westvaco and later for Sealed Air Corporation. He has spent the last 22 years with Sealed Air Corporation, a Fortune 500 company headquartered in New Jersey.

During the course of his career at Sealed Air, maker of Bubble Wrap, Jiffy Mailers brands and Cryovac food packaging products, Bart has managed various plant operations and led the company's World Class Manufacturing strategy initiative.

Bart holds a Bachelors degree in Business Management from Westfield State College and an MBA from Western New England College, Massachusetts.

**Rami A. Bayadi, CSCP**  
**Director, Operations Planning - Sealed Air Corporation**

Rami Bayadi is an APICS CSCP certified professional with 20 years of experience at Sealed Air Corporation in the Upstate South Carolina. He is currently Director of Operations Planning, with oversight responsibility of Sales and Operations Planning (S&OP) processes for the \$2.0 billion Cryovac Packaging Division of Sealed Air.

During his career with Sealed Air, Rami have served in a number of Supply Chain leadership positions in Manufacturing, Quality Control, and Production Planning and Scheduling. Also, he was instrumental in Supply Chain business process analyses and execution during Sealed Air's successful SAP ERP system Global implementation in 2008.

Rami earned a BS degree from Clemson University in Industrial Management. He is a member of the Industrial Crescent Chapter of APICS.
